

air circulating throughout. In the winter months, we close the westerly windows, and heaters keep the kennel cozy. Dogs have free access in or out, choosing to play or to rest at will.

THE PLAY YARDS

The cushioned Astro-turf play yards directly off the bunk house rooms are large – 50' long and 24' wide. They are located on the leeward

and shade-side of the building, so the structure blocks any strong winds, and offers natural shade all afternoon.

PRIVATE SUITES

Our private suites are extremely popular. Your dog has at-will access to a cozy indoor room or to their private outdoor run. All suites are temperature-controlled – warm in the winter and cool in the summer. The suites in our main kennel feature a view of our agility arena and the hills beyond. From our Farm-View Cottages your dog has a front-row seat to watch our cows and life on the farm.

ACTIVITY ARENA

Our huge covered arena is used for many of our special dog activities at Dairydell. Dogs can play Frisbee

or fetch with staff, learn to maneuver through agility obstacles and perfect their off-leash commands and control with our trainers.

Doggie Dude Ranch and Training Center

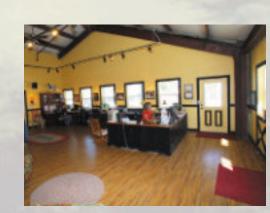

Like No Other Place for Dogs!

Veterinarian Recommended!

The Ultimate Canine Destination!

We're located on a 120-acre dairy farm in the Sonoma County wine country, and our facility was designed to let dogs experience country life while they stay with us. Fresh air, room to run, cows and horses to watch.

When you step into Dairydell, it's like entering an up-scale dude ranch, with everything ranchthemed and stylish.

We describe our ambience as: "Martha Stewart meets Robert Redford".

ACCOMMODATIONS

Our stalls are Bunk House rooms, for social dogs that enjoy all-day group play. Our Private Suites offer comfort and solace for older dogs or those that prefer their privacy. All rooms

have special beds so that no guest sleeps on a hard floor.

The main barn was built to take full

advantage of our prevailing coastal breezes. Even in the middle of summer, there is fresh

Whether running in our expansive hillside fields or enjoying the "mental jungle gym" of our wintertime complex, at the end of the day your dog will be happy and spent. And a tired dog is a good dog.

Training & Live-In School

or Group Classes

Dairydell has achieved a reputation of excellence through its unique and much-acclaimed program of natural dog training and voice control.

Since 1989 owner and trainer, Camilla Gray-Nelson, has developed her natural training style featuring "quiet power". She has helped thousands of dogs and owners, from the local Bay Area to as far away as Hawaii and New York City. Clients can choose either Live-In School or Group Classes. Live-In School dogs in our Board & Train program stay at Dairydell and are professionally trained to fully develop their potential. Group classes meet once a week, with owners bringing their dogs and receiving guidance on how to train at home. Some prefer our Personal Trainer option, with

A Canine Experience Unlimited Fun!

This is not your average boarding kennel. This is a canine experience, with activities to soothe the soul, stimulate the mind, and exercise the body.

While your dog stays at Dairydell, choose from an array of activities and services that will maximize his fun. If he is nervous or anxious, arrange for relaxing canine massages with calming essential oils. If he is an athlete, sign him up for daily Frisbee sessions or time on the agility obstacles. If he's a water-lover, daily swimming in the saltwater pool should float his boat. We even offer special enrichment activities to challenge your dog mentally during his stay with us. For older dogs, consider more sedate adventures, like Nature Walks around the ranch.

Grooming & Salon

The "Dirty Dog" Salon
